

Strykersville Volunteer Fire Company Inc.

594 Minkel Rd.
PO Box 38
Strykersville, NY 14145

Date: August 28, 2017

Dear Fellow Emergency Services Provider,

At the request of the New York State Department of Health (NYS DOH) the Strykersville Volunteer Fire Company Rescue Squad has been tasked to properly apply for a Certificate of Need (CON) for a small area in the Town of Holland, as well as a small area in the Town of Bennington. We have been providing ambulance coverage in the said areas since the early 1970's. NYS DOH has determined that the proper procedure was not completed by the New York State Department of Health & the Strykersville Volunteer Fire Company Rescue Squad when the services started per review of all there records.

The application process requires the applicant to demonstrate "public need" for the issuance of a CON. The State EMS Council and the Department of Health define "public need" as:

The demonstrated absence, reduced availability or inadequate level of care in ambulance or emergency medical service available to a geographical area which is not readily correctable through the reallocation or improvement of existing resources.

In addition to defining public need, the CON application process requires that letters of support be obtained from elected officials, public safety entities, and local healthcare institutions demonstrating support for the proposed service. We respectfully invite you to provide a written statement in response to our application to obtain a CON for the above areas. Please note that all letters in support must: 1. be on organizational letterhead; 2. reference an understanding of the definition of "public need" as set forth above; and 3. be signed by the CEO or designee. We have included a draft letter of support for your reference to use or modify, as you desire. Please contact me if you would like the draft letter emailed to you in Word format.

We ask that you submit your letter of support to us as soon as possible or before September 18, 2017. Please mail your letter to my attention at the address above.

If you have any questions, please feel free to contact me at (585)457-3142 or email bstreicher54@aol.com Thank you for your continued support during this process.

Very truly yours,

Bill Streicher, Squad Secretary
Strykersville Volunteer Fire Company Inc.
Rescue Squad

LETTERHEAD

DATE

Bill Streicher
Squad Secretary
Strykersville Volunteer Fire Company Inc.
Rescue Squad
P/O Box 38
594 Minkel Road
Strykersville, NY 14145

Dear Mr. Streicher:

This letter is in response to the request by the Strykersville Volunteer Fire Company Rescue Squad for a letter of support in response to your efforts to obtain a Certificate of Need ("CON") to operate in the existing area's that you have in the past and now provide coverage.

We understand the definition of "public need" which was provided to us in the letter of solicitation from Strykersville Volunteer Fire Company Rescue Squad. We believe that the circumstances you are trying to correct, as well as providing this service for at last 90+ years satisfy the requirement for "public need".

Our organization would like to go on record that we support the application of Strykersville Volunteer Fire Company Rescue Squad to continue to serve in the areas that you have been providing in the towns of Bennington and Holland.

Very truly yours,

By:

Strykersville Volunteer Fire Company Inc.

Expansion of Primary Operating Territory

Supplemental Narrative

The Strykersville Volunteer Fire Company Inc. is applying for a clarification of an expansion of primary operating territory. The Strykersville Volunteer Fire Company Inc. started providing ambulance services to the community in 1956.

We are looking to expand/ clarify our operating certificate per the NYS Department of Health to include coverage in the Town of Holland from 13093 Sanders Hill Road to 13911 Sanders Hill Road and from 13480 Parker Road to 13500 Parker Road. In the Town of Bennington we are looking to expand our primary operating territory to include 1672 Folsomdale Road to 1983 Folsomdale Road, 1512 Forkel Road, 1732 Bailey Road to 1661 Bailey Road, 41 Bear Road to 884 Bear Road and from 1540 Burrough Road to 1988 Burrough Road.

The proposed hours of operation for this expansion would still remain 24 hours a day and 7 days a week. We currently have 1 NYS DOH certified ambulance that is certified as advanced level of care and is stationed at the fire hall located at 594 Minkel Road Strykersville, NY 14145. There are currently 12 certified emergency medical providers for our company.

To cover the proposed expansion there would be no impact including financially for the fire company and on any existing services since we have been covering this area for many years. The response times for the fire company in 2015 were roughly 7 minutes, 2016 response times averaged 7 minutes and in 2017 response times are averaging 6 minutes. Per the Wyoming County dispatch policy we are required to respond to a call within ten minutes. If we are unable to secure a crew in ten minutes the next closest ambulance will be dispatched using the Wyoming County mutual aid policy.

The call volume for the Strykersville Fire Company Inc. in 2016 for emergency medical calls was 145. In 2017 we have responded to 79 calls and in 2018 we are anticipating taking approximately 130 calls.

The Strykersville Volunteer Fire Company Inc. receives online medical direction through Dr. Gregory Collins who works out of Wyoming County Community Hospital. The emergency medical providers of our company also follow the WREMAC protocols for direction as well.

The Strykersville Volunteer Fire Company Inc. has a very detailed QA/QI program. Each patient is sent a questionnaire about the service and care they receive and requests that they send it back to the department. We also do QA/QI on every patient care report to help ensure that the provider is providing the best care possible to our patients.

Since we have been operating in these areas for many years there are currently no other existing EMS agencies that cover the proposed area. There are no hospitals or other institutions generating calls within the proposed area and there are no current mutual aid agreements previously in place for the proposed area since we have been operating in said areas and anticipate no impact. We are anticipating for the next 12 months continuing our response times in the 6-7 minute window. There is also no impact on the communications systems, medical direction or any anticipated improvements to the communication system if approved due to the continual service we have already been providing to these areas.

**Strykersville Volunteer Fire Company Inc.
Expansion of Primary Operating Territory
Supplemental Narrative**

Current Resources: Presently, we have 1 NYS DOH Certified ambulance. As for request of service increase we have been covering these territories since 19__ and continue to do so with the resources that we presently have. We are also certified by NYS DOH as an advanced level agency.

Response Time: Per the Wyoming County dispatch policy we are required to respond to a call within ten minutes. If we are unable to secure a crew the next closest ambulance will be dispatched mutual aid per the mutual aid policies that Wyoming County utilizes.

Facility: We currently have two fire stations one located at the corner of Curriers Road and Chaffee Road in the Town of Java as well as our main fire station where our ambulance is stationed at 594 Minkel Road in the Town of Sheldon.

Communication: Requests for service are received through Wyoming County's 911 dispatch center located in the Village of Warsaw (151 North Main St. Warsaw, NY 14569). There is also a backup dispatch center located at the Wyoming County Fire Training Center located on Wethersfield Road that will be used in case of a communication problem at the main dispatch center in Warsaw.

Impact: Without the ability of the Strykersville Volunteer Fire Company Inc. being able to continue care to the residents of these areas would be detrimental to the residents. They would be forced to wait extended response times for the next closest ambulance service. It is beneficial to the residents of these communities to continue to have the superior care and response that they have had for many years. For another agency to cover this territory is would result in a financial burden for them.

Dear Mr. Streicher:

This letter is in response to the request by the Strykersville Volunteer Fire Company Rescue Squad for a letter of support in response to your efforts to obtain a Certificate of Need ("CON") to operate in the existing area's that you have in the past and now provide coverage.

We understand the definition of "public need" which was provided to us in the letter of solicitation from Strykersville Volunteer Fire Company Rescue Squad. We believe that the circumstances you are trying to correct, as well as providing this service for at least 90+ years satisfy the requirement for "public need".

Our organization would like to go on record that we support the application of the Strykersville Volunteer Fire Company Rescue Squad to continue to serve in the areas that they have been providing service to in the towns of Bennington and Holland.

Very truly yours,

Gregory Collins, DO, MPH
Public Health Commissioner

Dear Mr. Streicher;

This letter is in response to the request by the Rescue Squad of the Strykersville Volunteer Fire Company, Incorporated to obtain a Certificate of Need (CON) in order to continue to operate in the existing areas where the Rescue Squad has operated in the past and continues to provide coverage.

It is our understanding that the surrounding and affected municipalities and jurisdictions support your application. We further understand the definition of "public need," which was provided to us in the letter of solicitation from the Rescue Squad of the Strykersville Volunteer Fire Company Incorporated. We believe that the circumstances in your response area, inclusive of your agency's lengthy history of providing service, satisfy the requirement for "public need."

Our organization hereby expresses our support of the application by the Rescue Squad of the Strykersville Volunteer Fire Company, Incorporated for a CON, in order to continue to operate in the areas of the Town of Holland and the Town of Bennington where they have historically provided service.

Sincerely,

A handwritten signature in dark ink, appearing to be "Kimo Brandon", with a long horizontal flourish extending to the right.

Dear Mr. Streicher:

This letter is in response to the request by the Strykersville Volunteer Fire Company Rescue Squad for a letter of support in response to your efforts to obtain a Certificate of Need ("CON") to operate in the existing area's that you have in the past and now provide coverage.

We understand the definition of "public need" which was provided to us in the letter of solicitation from Strykersville Volunteer Fire Company Rescue Squad. We believe that the circumstances you are trying to correct, as well as providing this service for at last 90+ years satisfy the requirement for "public need".

Our organization would like to go on record that we support the application of the Strykersville Volunteer Fire Company Rescue Squad to continue to serve in the areas that they have been providing service to in the towns of Bennington and Holland.

Very truly yours,

William J. Krebs, Mayor

Historic Springville Home of Glenn "Pop" Warner, Architect of Modern Day Football

Dear Mr. Streicher:

On behalf of Wyoming County Community Health System (WCCHS), I would like to express our support for the Strykersville Volunteer Fire Company Rescue Squad's Certificate of Need (CON) application to operate an ambulance service in the geographical area that you have previously and presently provide services.

We acknowledge receipt of the definition of "public need," provided in the letter of solicitation from Strykersville Volunteer Fire Company Rescue Squad. We believe that the circumstances you are trying to correct and the services you have provided for the past 90+ years satisfies the requirement for public need. Without this service, the health and safety of the residents would be clearly compromised in the community.

In conclusion, again, please accept WCCHS's endorsement of the Strykersville Volunteer Fire Company Rescue Squad's application to continue ambulance service coverage in the areas that you currently provide services, including the Towns of Bennington and Holland.

If you have any questions, please contact me at deichenauer@wcchs.net or (585) 786-8940, Ext. 4401.

Strykersville, NY 14145

Dear Mr. Streicher:

This letter is in response to the request by the Strykersville Volunteer Fire Company Rescue Squad for a letter of support in response to your efforts to obtain a Certificate of Need ("CON") to operate in the existing area's that you have in the past and now provide coverage.

We understand the definition of "public need" which was provided to us in the letter of solicitation from Strykersville Volunteer Fire Company Rescue Squad. We believe that the circumstances you are trying to correct, as well as providing this service for the last 90+ years satisfy the requirement for "public need".

The Silver Springs Rescue Squad would like to go on record that we support the application of the Strykersville Volunteer Fire Company Rescue Squad to continue to serve in the areas that they have been providing service to in the towns of Bennington and Holland.

Respectfully,

Karen M. Tallman

Date: August 28, 2017

Dear Fellow Emergency Services Provider,

At the request of the New York State Department of Health (NYS DOH) the Strykersville Volunteer Fire Company Rescue Squad has been tasked to properly apply for a Certificate of Need (CON) for a small area in the Town of Holland, as well as a small area in the Town of Bennington. We have been providing ambulance coverage in the said areas since the early 1970's. NYS DOH has determined that the proper procedure was not completed by the New York State Department of Health & the Strykersville Volunteer Fire Company Rescue Squad when the services started per review of all there records.

The application process requires the applicant to demonstrate "public need" for the issuance of a CON. The State EMS Council and the Department of Health define "public need" as:

The demonstrated absence, reduced availability or inadequate level of care in ambulance or emergency medical service available to a geographical area which is not readily correctable through the reallocation or improvement of existing resources.

In addition to defining public need, the CON application process requires that letters of support be obtained from elected officials, public safety entities, and local healthcare institutions demonstrating support for the proposed service. We respectfully invite you to provide a written statement in response to our application to obtain a CON for the above areas. Please note that all letters in support must: 1. be on organizational letterhead; 2. reference an understanding of the definition of "public need" as set forth above; and 3. be signed by the CEO or designee. We have included a draft letter of support for your reference to use or modify, as you desire. Please contact me if you would like the draft letter emailed to you in Word format.

We ask that you submit your letter of support to us as soon as possible or before September 18, 2017. Please mail your letter to my attention at the address above.

If you have any questions, please feel free to contact me at (585)457-3142 or email bstreicher54@aol.com Thank you for your continued support during this process.

Very truly yours,

Bill Streicher, Squad Secretary
Strykersville Volunteer Fire Company Inc.

LETTER OF SUPPORT

Dear Mr. Streicher,

This is in response to the request by the Strykersville Volunteer Fire Company – Rescue Squad for a letter supporting your efforts to obtain a Certificate of Need to operate in the same area as in the past, and to provide future coverage.

We believe the deficiencies you hope to correct, in addition to the services you provided during the past 90 years, satisfies the requirement of public need.

The Town of Collins supports the application by the Strykersville Volunteer Fire Company – Rescue Squad to continue service in the Towns of Bennington and Holland.

Sincerely,
TOWN OF COLLINS

David F. Tessmer
Supervisor
